Re: **Permit Fees for 2003-2004 Fiscal Year, Minerals Regulatory Program**

Dear Permittee:

We are now entering our sixth year of annual permit fee assessment as authorized by the Utah State Legislature in 1998. Even though there are shortfalls in Division Program funding, the legislature did not increase the annual permit fees. They remain at:

Exploration projects	\$150.00
Small Mines	\$150.00
Large Mines (less than 50 acres disturbed)	\$500.00
Large Mines (over 50 acres disturbed)	\$1,000.00

The minerals rules require the payment of an annual permit fee for all active exploration and mining permits (note: the project/mine may be inactive; however, if the site has not been fully reclaimed and released by the Division, the permit remains active. The permit fees are due by the last Friday of July.

Permit Fees for the 2003-2004 fiscal year are due by July 25, 2003.

Note: If the site is fully reclaimed (*i.e., 3 growing seasons have passed & conditions meet the 70% pre-mining vegetation standard*) and you no longer wish to keep your permit active, you may *check the box* on the billing form requesting a site inspection (*see #5 on the attached sheet*). *Before you check the box requesting an inspection and file closure*, please make certain that all mining related waste, trash and debris have been removed, and that the vegetation is well established.

Delinquent fee notifications will be turned over to the Utah Office of Debt Collection (see #6 on the reverse side of this sheet). The Division cannot accept payment for delinquent fees. Only the current year fees are accepted and processed by the Division. Payment of any delinquent fees from previous years must be arranged through the Office of Debt Collection – call (801) 538-3603.

Please see reverse side of this sheet for detailed instructions on the payment of fees.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program

Instructions for Payment of Fees

1. **Collection of Permit Fees**

The Utah Legislature authorized the collection of permit fees in the Minerals Program to begin July 1, 1998. The purpose of fee collection is to provide supplemental funding for additional program assistance in processing and maintaining mining and exploration permit applications and inspection of those sites.

Please note: Some companies/operators may receive more than one billing form (i.e. multiple mines/projects). It is important to return each one of those forms to ensure proper credit.

2. **Fees Are Assessed as Follows:**

<u>Notices of Intent</u>	<u>Annual Fee</u>
Exploration Operations	\$150.00
Small Mining Operations (5 or less disturbed acres)	\$150.00
Large Mining Operations (less than 50 disturbed acres*)	\$500.00
Large Mining Operations (more than 50 disturbed acres*)	\$1,000.00

(*For Large Mining Operations, the fees are based on the disturbed acreage permitted/bonded.)

3. **Fees Due Date**

Fees are due by the last Friday in July, for all permitted operations or applications presently under Division review. Fees will also be due upon submission of a new permit application or a permit amendment/revision which increases the acreage to a new fee category.

4. **Failure to Pay**

Failure to pay the required permit fee will automatically suspend an operator's authorization to mine or explore (*site reclamation is still required by the operator*). Permit revocation and an Order to reclaim the site may subsequently be required by the Board of Oil, Gas and Mining after Notice and Hearing.

New permit applications will not be processed if the fee is not enclosed with the application.

5. **Opportunity to Close Out a Permit**

Permittees have the opportunity to close out a permit and not pay the fee. To be eligible to close out a permit, you must return the enclosed billing form with the appropriate box checked. You will then be contacted by the Division to arrange for an onsite inspection. The area must be fully reclaimed and in a stable condition to be eligible for closing out a permit. ***If the area is suitably reclaimed, then NO FEE WILL BE DUE.*** If the area is not yet suitably reclaimed, then a new billing notice will be issued and the permittee will be given 30 days from the date of the onsite inspection to pay the fee.

6. **Delinquent Fees**

All permit fees which remain uncollected 30 days after the due date will be turned over to the Utah Office of Debt Collection (ODC). Additional penalties, interest and collection fees will be assessed by the ODC.

7. **Change of Address**

Please note any address changes on the return form. (NOTE: An operator cannot be changed on this form. This must be accomplished through a formal permit transfer).

8. **Questions or Comments**

Please contact me at (801) 538-5286 or Joelle Burns at (801) 538-5291.

Re: SECOND Request for Annual Report for the Year 2002.

Dear Sirs:

Our file records indicate that we have not received the annual report forms for your mine project(s) as identified below. These forms were due on January 31, 2003.

Mine Status	Mine Number	Mine Name	Contact Person
ACTIVE	S270087	LEVIN STONE #2	MERT HAMILTON
INSPECT	S270088	RICH GULCH	MERT HAMILTON
ACTIVE	S270090 ✓	ROCANVILLE/WING	MERT HAMILTON

Annual reports are required by Rules R647-3-116 and R647-4-121 of the Division's Amended and New Rules, Minerals Reclamation Program.

Reports are required regardless of annual mine activity, unless you have received a written waiver or formal release from reclamation obligations from the Division.

Your failure to file the required forms could result in the issuance of a Notice on Non-Compliance and subsequent enforcement action(s) as authorized under the Utah Mined Land Reclamation Act and its interpretive rules.

Please complete and return the enclosed report forms for the above-listed mining project(s) within 10 days of receipt of this notice to avoid further action.

Thank you for your cooperation and prompt attention to this matter.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Reclamation Program
